Mahin Mirshams

Computer Engineering Student

About Me I was born in Esfahan. Spend the early years of my life in Moscow, Russia. Currently spending my time on my studying and working as a part-timer.

Education

2015 - Current, AmirKabar University of Technology (Tehran Polytechnic), Tehran, Iran

BS in Computer Engineering(IT). GPA:TBA/20

2011 - 2015, Farzanegan3(NODET) High School, Tehran, Iran

Diploma in Mathematics and Science.GPA: 19.43/20

Experience

Current, software programmer of ADCS, C&DH, Khaje Nasir Toosi University of Technology (KNTU)

A member of Attitude Determination and Control Subsystem of Space Research Lab K.N.Toosi University of Technology

Winter 2018, Teaching Assistant, Amirkabir University of technology

Advance Programming (Java)

Fall 2017, Teaching Assistant, Amirkabir University of technology

Principle of Computer and C Programming

Summer 2016, Teaching Assistant, Shariati University

Java Programming Language

Fall 2016, Teaching Assistant, Amirkabir University of technology

Principle of Computer and C Programming

summer 2016, C&DH Programmer, Amirkabir University of technology

Spending internship as one of members of the AUTSAT project

Communication Skills

2017 - Current, Publish Magazine, Student Guild Council of AmirKabar Computer Engineering Faculty

Chief editor of Pouyesh Magazine as One the members of Student Guild Council.

2017, Oral Presentation, Research and Technical Presentation Course

As part of the course work, Presented an Introduction To Satellite Control Software.

2017, Oral Presentation, First Summer Camp of the APSCO Student Small Satellite(SSS), China

As part of the course assignment, I wrote an essay on Attitude and Determination Control Subsystems of Triple-S Micro Satellite which was presented at the end of the camp in English at Beihang University.

2015, Oral Presentation, Computer WorkShop Course

As part of the course work, our group presented An Introduction to Latex Programming Language and using XePersian Package.

Software Development Skills

Programming

- | | | |
|--------------------|------------|--------------------|
| ◦ C/C++ | ◦ Java | ◦ C# |
| ◦ LaTeX | ◦ HTML/CSS | ◦ Microsoft Office |
| ◦ MySql/Postgresql | ◦ Verilog | ◦ Vhdl |
| ◦ Python | ◦ Matlab | |

Language Skills

- Persian(native speaker)
- English(Advance degree from Cavendish University Institute in Tehran)
- Chinese(beginner)

Awards

2013, *ACM student contest, Tehran Shekofa Festival*

Placed 2nd in the ACM student contest among all the student in Tehran.

2016, *Amirkabir Programming League(APL), AmirKabir University of Technology (Tehran Polytechnic)*

participating as a contestant.

2016, *Mobile Programming Marathon, Sharif University of Technology*

Placed among the best 10 in the marathon among all the participating groups.

2017, *First Summer Camp of the APSCO Student Small Satellite(SSS) , Beihang University of China*

Participated as Software Programmer of Attitude Determination and Control Subsystem (ADCS). Awarded as "Excellent Student".

2017, *BimeTech (BimeBazar Programming Marathon), Sharif University of Technology*

Placed among the best 10 in the marathon among all the participating groups.

Interests

Professional

Software Design, Web Design, Data Base Design, ACM, Team Managing, Human Resource, Project Managing, Marketing

Personal

Foreign Language(Chinese), Sport(Professional Swimmer), Reading books, Playing Music (Piano), Astronomy
